

STANDARD CABLE TIES

GENERAL PURPOSE POLYAMIDE 6.6

General purpose nylon 6/6 features light weight, high strength and a wide temperature range. Even at higher than recommended temperatures or exposure to flame, nylon does not give off toxic or irritating by-products. Nylon 6/6 is Hygroscopic and, therefore, absorbs or releases moisture depending on its environment. Moisture level of the material will affect tensile strength, stiffness and elongation of the product.

UV STABILIZED POLYAMIDE 6.6

General purpose nylon 6/6 with increased resistance to ultraviolet light. Carbon black is one of the most effective stabilizers known today. A uniform dispersion of carbon black provides good ultraviolet light resistance without adversely affecting physical properties. The addition of carbon black or any other ultraviolet stabilizer prolongs the useful life of plastic products used outdoors, but it does not totally eliminate the destructive effects of the light.

METAL DETECTABLE

Used in areas around food and pharmaceutical industries where contamination may be an issue. Manufactured in teal blue for easy identification and impregnated with metal flakes for pick-up with magnets if dropped. Also, could help to prevent critical recall. Available in a variety of lengths and tensile strengths.

ITEM NUMBER	TIE TYPE	TENSILE STRENGTH	PACKAGE QUANTITY	UPC CODE	LIST PRICE
25CT08-50-BL-100	Food Safety Blue	50LB x 8"	100/pkg	010001330800	21.00

www.uhelectric.com

UHElectric is a professional manufacturer and exporter specializing in nylon cable ties, stainless steel cable ties, and practical fastening tools for global markets. We provide reliable, durable, and cost-effective solutions for electrical, industrial, automotive, and commercial applications.

UHElectric was founded with a simple mission: to make high-quality fastening products accessible to customers worldwide. Starting from small-scale production, we have grown into a reliable global supplier serving electrical installers, distributors, industrial users, and engineering projects in over 90 countries. Our focus has always been consistent quality, honest pricing, and long-term partnerships.

To become the most trusted global supplier of cable ties and fastening solutions, delivering professional, durable, and safe products for every industry.
